A one day summit for educators, parents/caregivers, church leaders, and professionals working with and raising boys.

Did you know...

- 70% of all D's and F's go to boys, but only 40% of the A's.
- Boys have fallen behind girls from preschool through graduate school.
- Boys are four times more likely to be suspended or expelled from early childhood and K-12 environments than girls.
- 85% of all stimulant medications (like Ritalin) are prescribed to U.S. boys.
- Over the last 20+ years, the reading skills of the average 17-year old boy have declined.
- For every 100 girls ages 5-14 who commit suicide, 255 boys will commit suicide.
- Boys are twice as likely as girls to be diagnosed with a behavioral or learning disorder.
