Student/Parent Handbook

St. Mary's Catholic School

Leipsic, Ohio

Students and Parents:

Welcome back to St. Mary's Catholic School and to the 2022 - 2023 school year. It is our privilege to work with all of you this year. As always, it is our goal to provide a safe and rewarding learning environment for all our students. Elementary school is extremely important in the educational, social, and emotional development of your child. The success that your child, he/she experiences will hinge greatly on the cooperation between your child, his/her teacher, you as a parent and me. We encourage you to be active members of your child's educational process and we believe it is a vital part of his/her education.

To that end, please review the handbook with your child. Highlight policies and procedures that help regulate all our school activities. Keep a copy of the handbook throughout the year; it will be an important resource for answering many questions.

If at any time during the year, you have questions or concerns, please feel free to contact me at 419-943-2801. It is my hope that by working together, we create a positive and safe learning environment for all St. Mary's Catholic School students.

God Bless,

Miranda Osborn, Principal
St. Mary's Catholic School

St. Mary's School

Mission Statement

St. Mary's exists to nurture the whole child through a Catholic Christian setting that aids in the development of the whole child: spiritually, academically, socially, and physically. As part of a Catholic community living out the Gospel message, the school and family collaborate to nurture self-worth, respect, and an appreciation of the pursuit of knowledge.

Belief Statement

We believe that St. Mary's School exists to prepare students to become active and responsible members of both church and society. Therefore, St. Mary's School aims to provide the educational climate which will help each child develop a feeling of confidence and self-worth, become more self-disciplined, and acquire the ideals, attitudes, and habits needed to live as mature Christians and responsible global citizens.

We believe that we are to:

1. Assist parents in fulfilling their roles to educate and form basic religious attitudes which will prepare their child to become a mature Christian and disciple of Jesus
2. Share with the child the knowledge of the Gospel as a stimulus to work toward a Christian solution of personal, social and spiritual needs
3. Provide the academic curriculum and quality teaching which will help each child achieve his/her full intellectual potential
4. Help the child become more responsible for his/her learning by developing respect and care for all materials, developing good work habits and study skills, and developing the discipline that promotes good scholarship
5. Guide the child in developing a value system based on the Gospel which will help him/her become a responsible Christian citizen by becoming aware of the injustices of the world in which he/she lives, showing knowledge of and living by a Catholic value system, and developing his/her own gifts and talents
6. Provide a program of guidance and testing as a means of evaluating a child's achievements based on his/her learning styles and abilities
7. Promote an attitude of compassion by using the needs of the community, the Diocese, and the world to stimulate service to others.

Parent Cooperation

The mission statement of St. Mary's School states that the school and the family collaborate. We feel that the parents are the primary educators of the students, and parent cooperation with the school is an essential ingredient for student success. Parents are expected to follow all policies and procedures given in the handbook and are asked to sign the form at the back of the handbook each year agreeing to do so. Parents are also expected to follow individual classroom policies and to be very aware of all communications from the school.

The education of a student is a partnership between the parents and the school. Just as the parent has the right to withdraw a child if desired, the school administration reserves the right to require the withdrawal of a student if the administration determines that the partnership is irretrievably broken.

Transfers

Students who are transferring from another school will be admitted under probationary terms to be set by the pastor and principal. All transferring students are expected to follow school policies and procedures. The probationary period is nine weeks to begin with and may be extended at the principal's discretion. The probation includes acceptable academic and behavioral performance. Students transferring from another Catholic School will not be accepted at St. Mary's School until it has been determined that no tuition and/or fees are owed to that school.

The school office needs to be notified of any student transferring to another school. The receiving school will then request student records from our office. Parents will not be given the student files to take to the receiving school. Parents should take copies of previous report cards to the receiving school until the request for transfer of records has been processed.

Withdrawal

A student who withdraws from St. Mary's School during the school year must return all school property and have all accounts and fees paid in full before records are forwarded to the next school. In the event of a withdrawal, tuition is refunded based upon the number of days in school and an average charge per day. In the event of a tuition loan, each refund will be handled on an individual basis through the school office.

Students expelled from St. Mary's School are not eligible for any form of refund.

Recess and Walking to Lunch During Cold Weather Months

We recognize the importance of daily outdoor play. Children will be outdoors for recess unless it is raining or temperature and wind result in a below 20°F wind-chill factor. During cold weather, please make sure your child wears a warm coat, hat, gloves and boots for comfort and safety. Label each garment with your child's name.

Bicycles

Bicycles are to be parked in the bike racks near the back of the school.

Each eighth grader will receive diplomas from St. Mary's School if all academic requirements have been met, and the student has been promoted to 9th grade. Records will not be transferred to the high school and a diploma will not be issued until all financial obligations are met.

Homework Policies

Students in grades 2-8 are required to have and use an assignment notebook that is provided by the school.

The purpose of homework is to help students master concepts that have been presented in class.

Suggested nightly homework

Students who do not complete homework during intervention/class time will need to finish homework at home. Vocabulary, Spelling, Tests and Quizzes should be studied during intervention, class time and at home.

Students who have achieved a routine habit of completing homework have a much better chance of academic success. A structured time and place each day are very helpful in establishing a routine. Students are expected to do their own homework. The parents' role in homework is to assist, help drill, and to check completion. If parents are doing the majority of the work, the students are not practicing and learning themselves.

Students who are absent will have the number of days absent to make up missing work. Students who are out of school due to a personal convenience leave will be given homework to make up upon returning to school.

Individual classroom homework policies will be sent home and explained to students and parents at the beginning of each school year.

Middle School Student Service Hour Requirements

As an integral part of the religious studies program, students in Grades 3-8 are required to complete service hours each year in each of the following three categories: School, Parish and Local Community.

The amount of service hours needed varies according to the grade of the student. Service hour forms are available in the office and on the school's website and from the teacher.

Parent-Teacher Conferences

Formal all-school conferences are held after the first quarter has ended. All parents are given scheduled times for conferences. Parents are required to attend these conferences as this is an opportunity for teachers and parents to establish personal contact, discuss concerns and determine what can be done to help the student achieve success in the classroom. At any other time throughout the year, teachers will be happy to meet with parents regarding any issues or concerns. Please call the school office to arrange a conference. Teachers are not always available without prior notice due to other responsibilities.

Promotion/Retention Policy

Students will be promoted to the next grade level each year when the teacher and principal feel that the student has sufficient mastery of the curricula to progress to the next academic level.

Students who are failing to master concepts at a particular grade level may be recommended for retention if it is felt that it would be in the student's best interest. Parents will be notified, at the very latest, during the third quarter if the teacher and principal feel that retention would be beneficial. At that time, a conference would be held with the teacher, parents and principal. The parent has the ultimate right to assign grade levels and to retain a student at a certain level.

After the end of the first quarter a conference will be called to discuss the student's progress.

Summer School

If a student's yearly average is failing in 2 or more of the major academic areas, the student will be recommended for summer school. Summer school will consist of at least 20 hours of work with a certified instructor unless other specific arrangements have been made with the principal and/or teacher. Parents and students will be notified as soon as summer school becomes reasonably apparent and probable. The requirement for summer school will also be noted on the grade card. Evidence of summer school attendance must be submitted to the principal before the next school year begins. Any cost involved will be the responsibility of the parent.

Testing

St. Mary's School administers the MAP standardized test in the fall and in the spring of each year to students in grades K thru 8.

St. Mary's students grades 2-8 will take the ARK religious test.

The results of the standardized tests are sent to parents in the fourth quarter report cards. The results of the Competency tests are not given as individual results to the students, but as overall to the faculty in order for them to assess the results of their instruction of the courses of study and to plan for future instruction.

Textbooks

Textbooks are provided to all students. Students are to handle books carefully and keep non-consumable textbooks covered at ALL times. Writing or any other kind of marking is not permitted in non-consumable books. Students are responsible for the cost of lost or damaged textbooks.

Special Education

As a school system rooted in the Catholic faith, we are committed to providing a learning environment that is safe, inclusive and welcoming for students with special needs.

The Diocese of Toledo is committed to providing children with special needs an education that meets their spiritual, academic, emotional and social needs. Students with special needs flourish in our Catholic schools as we offer a nurturing, accepting, faith-based environment with a focus on individual strengths and abilities to help each child reach his or her God-given potential.

Children with learning disabilities (LD), other health impairments (OHI), and speech or language impairment (SPL) have their special education needs to be met with resources that parallel those available to other students in their public school district which include Aid services, intervention, occupational therapy, speech therapy, and physical therapy. These may include special education teacher support services, resource room, speech-language therapy, occupational therapy, physical therapy and counseling.

The number of students that are being served in special education is growing tremendously, and we continue to rise to the challenge in meeting each of their individual needs. The one-to-one connection between student and teacher in special education produces academic, social, and emotional victories great and small, adding up to students becoming more confident and therefore more successful in and out of the classroom.

In keeping with the mission of the Catholic Church and the call to inclusion, the special education programs serve to provide and expand educational opportunities for students with disabilities who desire an education in a faith-filled environment. Children receive individualized education programs with a small group setting and direct instruction. Teachers provide students with accommodations and modifications per their IEP. Teachers strive to help students to reach their full potential in all areas of concern.

POLICIES AND PROCEDURES

ABSENTEEISM

Parents are required by law to phone the school if their child is going to be absent. When a child is absent, and parents have not called by 9 A.M., the school is required to contact parents to determine the reason for absence.

Upon the student's return to school after an extended illness, the student must bring a note from his or her parent or guardian stating the reason for the absence.

Excused Absence:

- A student's absence will be excused for the following reasons.
- An illness with a note explaining the nature of the illness.
- A doctor's note.
- Extenuating family circumstances with a note explaining the situation.
- Any reason that the principal deems a valid absence.

Personal Convenience Absence:

Parents are discouraged from planning vacation time during school. However, there are circumstances that make that impossible, and the school is sensitive to these needs. Parents are required to obtain a "Personal Convenience Absence Form" from the school office and complete the form prior to the absence. Students who are out of school due to a personal convenience leave will be given homework to make up upon returning to school. Parents must give the teacher 2 weeks' notice to get homework prior to the vacation. Please note upon return there may be additional work to make up.

Release of Student: The school is responsible for the child's safety from the time that he/she arrives in school in the morning until dismissal time. Students will only be released to parents or to persons designated by the parents. Appointments during the school day are discouraged, but we recognize that it's occasionally necessary. Parents must notify the school in advance and must sign the student out in the school office.

Tardiness: Students are tardy if they are not in their rooms by 8:15 A.M. Tardiness will be excused in cases of emergency, and the principal reserves the right to determine whether or not the tardy is excused.

It is extremely important that all students be on time and ready to begin work at 8:15 A.M. The transition time between home and school is very important for each child. When a child is tardy, that transition is not made easily, and the entire class is disrupted.

ACCESS TO CLASSROOMS

Children should be encouraged to be responsible and remember items before they leave for the day. If a message or item needs to be delivered to your child during the school day, it must be brought to the School Office and the School Office personnel will see that it is delivered to the child. We respect the work atmosphere of each class and want to have as minimal distractions as possible.

ARRIVAL AND DISMISSAL PROCEDURES

Students must wash or sanitize their hands prior to arriving at school. Parents are encouraged to take their child's temperature at home prior to coming to school. School doors are opened at 7:45 A.M. each day.

Students are to be in their classrooms and ready to begin the school day by the first bell at 8:05 A.M. The Tardy Bell rings at 8:10 A.M. Morning prayer and announcements begin promptly at that time. The dismissal bell rings at 3:05 P.M. Prayer and announcements begin at 3:02 P.M. Students are then dismissed via announcements over the public address system.

Please do not call teachers at home unless the teacher has indicated that this is acceptable. At the beginning of each year, each teacher will relate his/her preferred method of communication. A school lockdown drill will also be conducted at least once a year in compliance with the law.

St. Mary's School has adopted a detailed safety plan for school emergencies. There are specific procedures in place for dealing with different types of crisis situations, including shelter-in-place, lockdown, evacuation, etc.

If a "Lockdown" occurs during school hours, access to the building and parking lot will be restricted until the "Lockdown" is over.

CUSTODY

This school abides by the provisions of the Buckley Amendment with respect to the rights of non-custodial parents. In the absence of a court order to the contrary, a school will provide the non-custodial parent with access to academic records and other school information regarding his or her child. If there is no court order specifying that there is to be no information given, it is the custodial parent's responsibility to provide the school with a court-certified copy of the court order.

In the case of a divorce, the custodial parent of a student is required to supply a copy of current custody papers to the school office. Unless otherwise stated by court documents, either parent will have access to the student(s). Never married parents should also have custody documents on file, as needed.

Unless otherwise noted through official court documents, the school will release a child to a non-custodial parent.

CHILD ABUSE

School personnel are required by law to report any evidence of child abuse or neglect to Putnam County Job and Family Services. The school is required to and will cooperate 100% with law enforcement officials.

EDUCATIONAL TRIPS

At times throughout the school year, classes will be going on trips that are of an educational nature. No student has an absolute right to a field trip. Students may be denied participation if they fail to meet academic or behavioral expectations. Otherwise, all students are expected to participate in any educational trips, as they are part of the total educational experience.

ACCESS

A permission form will be provided at the beginning of the school year for all field trips. Parents are required to sign these forms to permit a student to go on the trip. Students who do not return signed forms will not be permitted to go on the trip.

PARENTS' RIGHTS

Parents have the right to refuse to allow their child(ren) to participate in educational trips. The student must attend school on that day or it will be considered an absence. The student will be given work to do and will be supervised.

TRANSPORTATION

Sometimes, parents provide transportation for educational trips. Immediate family members may drive for trips as long as they are over 21 years of age. Drivers must provide proof of insurance and a valid driver's license. Drivers must have each student transported buckled individually into a seat. In most cases, bus transportation is provided for our students when they go on a field trip. A bus fee may be charged for these trips.

EXPECTATIONS FOR PARENTAL SUPPORT

Parents are expected to relate to teachers as professionals, work cooperatively with them and be respectful. In return, teachers will relate with parents with respect and maintain confidentiality. Parents are asked to go to the teacher first with concerns, especially regarding questions about specific incidents in the classroom. Please remember that the student's perception of an incident might not be the same as the teacher's.

FAITH AND WORSHIP

St. Mary's School provides a faith-based education. All students, regardless of their religious affiliation, participate in daily religious instruction based upon our Catholic doctrine and tradition. Parents, by virtue of the fact that they enroll their child(ren) in a Catholic school acknowledge that religion is a basic part of our school day. Religious instruction in Catholic beliefs and values permeates all aspects of our school programs.

Grades K-8 attend Mass one day a week at 8:30 A.M. All students, regardless of their religious affiliation, are expected to attend all liturgies, retreats, prayer services or other religious celebrations that are planned for the class or school. Parishioners of St. Mary's are expected to take part in the Sunday liturgies and in parish activities. The school should be viewed as an extension of the faith development begun by the parents. Stewardship, time – talent – treasure, is encouraged for all.

Second graders are prepared for First Reconciliation and First Communion. Eighth graders are prepared for the Sacrament of Confirmation. There are also required activities outside of the classroom that include service hours, special projects, parent sessions and retreats.

FUNDRAISING

Tuition and parish subsidy are the basic sources of income for the operation of St. Mary's School. Fundraising is used as means of supplementing these basic sources. Our basic fundraisers are:

KASH for KIDS – Through this program a percentage of your regular purchases from local businesses, as well as some in the larger cities near Leipsic, go directly to St. Mary's School. Parents and other parishioners place an order for gift cards or certificates either through the school or at church during the designated weekends.

HEALTH / MEDICATION

MEDICATION AT SCHOOL

If medication must be taken during school hours, an authorized form (See attached form) completed by the physician and the parent/guardian must be on file in the office prior to administration of medicine. Any changes in the prescription or any additional/new medications require an additional form. Additional forms are available in the school office. All medications must be kept in the school office and stored in their original container. It is recommended that the parent transport the medication to the school office where all medication is administered. It is the responsibility of the parent to notify the school of any medical conditions that may affect a student during the school day. This includes all allergies.

Inhalers and EpiPens may be carried by the student, but a special permission form must be completed by a physician and on file in the school office.

EMERGENCY MEDICAL AUTHORIZATION

Parents or legal guardians are required to complete emergency medical authorization forms. They will be kept on file in the school office, and teachers will have copies of these forms with them on educational trips off school grounds.

CONTAGIOUS DISEASES

Parents are asked to contact the school office in the event that their child contracts a contagious disease such as head lice, chicken pox, strep throat, pink eye, etc. Children will be sent home if a contagious disease is detected. Children will not be allowed to return to school until the contagious condition no longer exists. In the case of head lice, students must be checked in the school office before they are readmitted.

ILLNESS DURING THE DAY

Students who become ill during the school day will be sent home if necessary. Any child who has a high temperature will be sent home. Parents will be called, and if parents are not available, the next emergency contact will be called to pick the child up from school. Students must be signed out in the office.

IMMUNIZATIONS

Students entering St. Mary's School must be in compliance with the immunization requirements as specified by the Ohio Revised Code.

LIBRARY

Children are encouraged to borrow books from the school library each week and to use the library for research and reference. Reference books such as encyclopedias, atlases, etc. are for in-school use and are not to be taken home.

Great effort is made to keep our library supplied with excellent reading. Children will be expected to pay for damaged or lost books.

LOST AND FOUND

Lost and Found items are kept in a box in the ASP Room. All lost and found items that have not been claimed at the end of the school year are given to charity.

PARENT-TEACHER ORGANIZATION

Parents are encouraged to participate in the Parent-Teacher Organization. The P.T.O. is a major source of fundraising for the school, in addition to providing many opportunities and programs for students and parents. Meetings are usually held in the school cafeteria each month at 7:00 P.M. on a day determined at the beginning of each school year.

PHONE CALLS

Ordinarily, students will not be permitted to make phone calls during the school day unless it is an emergency or a special situation. Please make sure your child knows how he or she is to get home each evening, so they do not have to call to find out each day. Thank you for your assistance with this as we try to instill a sense of personal responsibility in our students.

PRAYER

As a school community we begin and end our day with prayer. Each teacher also leads his/her students in classroom prayers throughout the day. A variety of prayer experiences are provided at the different grade levels, for the different seasons of the church year and for special occasions. Once a year a school-wide retreat day is provided for the students.

PREGNANCY (STUDENT) POLICY

Considering the sacredness of life, St. Mary's School will not expel a student solely on the grounds of pregnancy or paternity. It is felt that he or she needs at this time Christian acceptance and counsel. The student (boy or girl) will be allowed to remain in school as long as the following procedures are implemented:

1. A conference will be arranged with the student, parents, principal, and pastor.
2. The student will receive any counseling as deemed necessary by the principal and pastor.
3. The school will receive a medical report from the girl's physician monthly to verify that continued enrollment in school is in the student's best interest.
4. The principal, pastor, and parents agree that enrollment in school is in the best interests of the student(s) involved, as well as the other students in the school.

In addition, the student (boy or girl) may not assume any leadership roles in school. The entire class will be provided counseling sessions as needed.

PUBLICITY PERMISSION

The school reserves the right to use student pictures in publications and on the school's website. Any parent who does not wish his or her child's picture used publicly must notify the principal in writing by returning the publicity permission form that is issued at the beginning of each school year.

RELIGION CLASSES / THEOLOGY OF THE BODY

Religion classes are a basic component of the curriculum in the Catholic School. Loyalty to God and country and respect for the dignity and rights of all, are some of the essential elements instilled through the teaching of religion. St. Mary's School aids the student in not only knowing his/her religion but above all, in living it. Theology of the body is taught as part of the Religion Course of Study.

SCHOOL ADVISORY COUNCIL

The School Advisory Council is an advisory group to the pastor and principal on matters of the administration of St. Mary's School. You may contact any School Advisory Council member with any question or concern. School Advisory Council members are listed at the back of this handbook and can also be found on the school website.

SCHOOL PICTURES

School photographs are taken early in the school year and again in the spring. All students have pictures taken in the fall for the school files. The exact dates and needed information are announced in a timely manner in the weekly newsletter. Unless you advise the principal to the

contrary in writing, St. Mary's School will assume that we may use your child's photograph in school publications and in the local newspapers.

SEVERE WEATHER PROCEDURES

In the event of tornado warnings, severe thunderstorms, downed power lines, etc., students will be kept in the school building and not dismissed until it has been determined that it is safe to do so.

SCHOOL CLOSING, CANCELLATION, DELAY

If weather conditions are such as to cause delay or cancellation of the Leipsic Public Schools, St. Mary's will follow their procedures:

- A. Always listen to your local radio and/or watch the local TV stations for cancellations and delays.
- B. At the beginning of each year parents have the option of signing up for Leipsic public school automated calling system, called Parent Square.
- C. In the event of a mechanical breakdown, or a situation pertaining only to St. Mary's School, then the school's name will be specifically mentioned in the radio/TV announcement.
- D. In case of bad weather or any circumstance requiring early dismissal, the local radio stations will broadcast the announcement. Notifications will also come through the automated system.

STUDENTS RECORDS / FILES

CUMULATIVE RECORD FILE

A cumulative record for each student is kept in the school office. Cumulative files contain academic transcripts, academic testing, academic interventions and health records. Parents and guardians, both custodial and non-custodial, are entitled to access of these records unless court documents have been presented to the school office prohibiting access by a parent. Parents may request copies of the file. Those must remain with the school the student is attending. Requests for copies must be made in writing and at least 24 hours in advance.

In addition, a court, attorney, or law enforcement officer investigating abuse, neglect, missing children or any other investigation will have access to the records at the discretion of the principal. The cumulative file goes with the student to each school that is attended. Only the official contents of the cumulative file are forwarded to a new school.

PERMANENT RECORDS A permanent record card is on file in the office for each student who attends St. Mary's School. This card records semester averages for each year and remains in the files at St. Mary's School.

TRANSPORTATION

Eligible students receive bus transportation from the school district in which they reside. Parents are responsible for transporting all other students to and from school.

Student Code of Conduct

Learning proper behavior, cooperation, respect, and self-discipline are critical to a child's educational development. Without these qualities, it is difficult for a person to maintain proper

attitudes to develop intellectually. It is the school's responsibility as part of the total educational process to assist the family in the development of each student's self-discipline. An effective school-wide plan also provides for a safe learning environment.

To promote a positive learning environment, students will be recognized by the staff for demonstrating good citizenship. Recognition will be in the form of verbal praise, parent letters and phone calls and extra privileges. This positive approach will be used when possible; however, in the process sometimes it becomes necessary to apply appropriate consequences for inappropriate behavior which interferes with the educational process. A violation of any rule may result in disciplinary action, including, but not limited to, removal from class, detention, referral to outside authorities, suspension and/or expulsion.

The following rules and standards set forth in the student discipline code apply to conduct on school premises, on school busses and at school functions.

- a. Disruption of school routine
- b. Fighting/assault/menacing
- c. Insubordination
- d. Profanity and/or obscene language and materials
- e. Truancy and tardiness
- f. Damage to property
- g. Theft
- h. Possession of tobacco, narcotics, alcoholic beverages and drugs
- i. Cheating
- j. Use or possession of dangerous weapons and instruments
- k. Threats/Harassment/Bullying
- l. Demonstrates poor citizenship
- m. Respect for others

The above rules are intended to be examples of offenses and do not include every possible infraction.

DISCIPLINE POLICIES AND PROCEDURES

At St. Mary's School, we are working to create an environment that reflects the values of the gospel of Jesus Christ and an environment that is safe and nurturing and is therefore compatible to building a community of learners.

In keeping with the philosophy and mission statement of St. Mary's School, the administration, teaching staff and School Advisory Council recognize the necessity of dealing with students who infringe upon the rights of the school community. We strive to create an environment that is absent from threat for all students. We will not tolerate demeaning behavior of any kind or behavior that in any way threatens the safety of others.

The gospel guidelines, life skills and procedures set guidelines for expected behaviors that are consistent for every child at every grade level. We believe that these guidelines and life skills are tools that are essential to becoming productive members of society. We also believe that following these guidelines and life skills helps to create an environment that is compatible to how the brain

learns. As a result of the implementation of these guidelines, our focus is on positive aspects of behavior. The gospel guidelines, life skills and procedures are posted throughout the building, so the students are constantly aware of them.

However, when there has been a failure on the part of the student to follow procedures, consequences will be given.

EXPECTED BEHAVIOR

St. Mary's students are expected to:

- A. Follow individual classroom and school rules.
- B. Be respectful to all teachers, staff members, volunteers and fellow students in speech and action.
- C. Bring necessary materials to class, return requested data, and take pride in their appearance by observing the school dress code.
- D. Be in their classroom on time.
- E. Complete all homework and study assignments.
- F. Respect school property and classroom materials as well as that which belongs to another.
- G. Be honest in speech and written work that is submitted in their name. A student found cheating will receive a 0% on the test or assignment and will receive a 6-point Conduct Notice

DISCIPLINARY PROCEDURES

It is the responsibility of the principal and the staff to provide and maintain an atmosphere where all can learn. When a student, by attitude or action, disrupts this atmosphere, he/she may be subject to disciplinary action up to and including dismissal. This general procedure will be followed:

- A. The teacher will warn the student of the disturbing behavior.
- B. If the behavior continues, the teacher will give the student a conduct notice.
- C. Students may be referred to the principal when necessary.
- D. In cases of serious or repeated offenses, the student will be referred to the Principal and Pastor for appropriate action. When necessary, a member of the staff or another designated person will be included in this intervention.

DETENTION

Once a student has accumulated three (3) academic notice points or six (6) conduct notice points, he/she will be required to remain after school for detention. Each month, a day will be designated on the calendar for this purpose and will last for one hour. Students will be given special assignments to complete during this time. If a student misses the scheduled detention, the amount of detention time will be doubled. Because a student has a practice, music lessons, or ball game is not an excuse for missing the detention.

SUSPENSION AND EXPULSION:

A. Official Disciplinary Warning: A warning is given to students who have set a pattern of misbehavior through minor offenses.

B. Disciplinary Probation: Probation is a warning to students and parents that suspension or expulsion of the offending student is imminent unless there is substantial improvement in the student's conduct. Students are placed on probation if, after being placed on **Disciplinary Warning**, the conduct does not improve.

C. Suspension: In-school suspension means that the student is removed from his/her classroom to a separate supervised setting for a designated length of time. Out-of-School Suspension means that the student is removed from the school for the designated length of time.

Before the actual suspension, the student and his/her parents are notified orally or in writing as to the nature of the violation. A parent-teacher-principal conference will be arranged by appointment. Immediately after the suspension all schoolwork must be completed.

D. Expulsion: The student is removed from the school and not admitted back under any circumstances. Students may be suspended or expelled for the following reasons:

- 1) **Obscenity:** actions or the act of using obscene or profane language in verbal or written form.
- 2) Vandalism or theft
- 3) **Threatening or intimidating acts:** the act of verbally or by gesture threatening the well-being of any person on school property.
- 4) The direct involvement with drugs, smoking, or such related actions. In the case, the student would be removed immediately. Parents would be contacted. Law enforcement officials would be contacted if deemed necessary.
- 5) Any criminal act committed by a student, such as arson, assault, possession or use of explosives, malicious mischief, or possession of concealed weapons. Pocket knives are prohibited.
- 6) Any other serious violations of Christian conduct which in the judgment of the administration are of such a nature as to warrant consideration of expulsion.

DRUG AND ALCOHOL ABUSE

A student shall not knowingly possess, use, transmit, sell or be under the influence of alcohol or any other drugs including counterfeit/look alike drugs or over-the-counter mood-modifiers on school premises before, during or after school, on/off school grounds at a school function or even on school buses or rented carriers. Likewise, a student shall not knowingly possess, use, transmit or sell any drug related paraphernalia. Students who are under the influence of alcohol or other drugs, are detected to have alcohol on their breath, or who are in possession of alcohol or other drugs, or mood-modifier will be immediately removed from school until a parent conference can be held. Students wearing or having in their possession drug related paraphernalia, could also be removed from school until a parent conference can be held. At the conclusion of a conference, a course of action will be determined, based upon the attitude of the student, cooperation of the parents, and seriousness of the offense.

GANGS

Membership in gangs that have been identified with disruptive, disorderly or criminal behavior is not consistent with the expectations of a St. Mary's School student. All such gang paraphernalia, dress and signs are prohibited. Students engaging in such behavior are subject to severe disciplinary measures.

- Retaliation for having reported or threatened to report any type of harassment or bullying
- Any Internet harassment or threats
- Drawing violent or offensive in nature pictures

Consequences for bullying will be given within the discipline code if applicable but will also be treated as individual instances with individual consequences at the pastor's and principal's discretion.

HAZING

Hazing, defined as any act initiating a person into any school or organization that causes or creates a substantial risk of mental or physical harm is strictly prohibited. Students who participate in any hazing will be subject to extreme disciplinary action and possible expulsion.

SEARCH AND SEIZURE, INTERROGATION

- A. For the safety and protection of all students within their care, certified staff members may search for weapons or other dangerous or illegal objects, if they have reasonable grounds to believe that such are in the possession of the student: i.e., lockers, desks, books, book/gym bags, etc. A witness must be present to observe such a search. This may be done by law enforcement officials if they have a regulation search warrant and the administrator's permission. A school official must be present during the search.
- B. The school principal or teacher will conduct an interrogation which is related to misconduct or crimes which are school-related. If police interrogation is deemed necessary, parents will be contacted, if possible, prior to the beginning of the interrogation. No school official will release a student to the police without a warrant being shown and with the parent's acknowledgement.

WEAPONS POLICY

Students are prohibited from bringing weapons to school or having them in the school. Any student who carries, possesses, conceals, transfers to another to hold or hide, etc. any weapon on school premises or possesses a weapon in the vicinity of the school shall be immediately excluded from classes pending an investigation. A weapon is any object which can be used to threaten or harm another. It includes, but is not limited to guns, knives, chains, karate sticks, sharpened instruments, ammunition, etc. School premises include the school building, playground areas, parish center, church and parking lots.

Investigation may include an inspection and search of students and their book bags, purses, lunch boxes, desks, lockers, other areas of student storage, etc. Investigation also may include questioning by the pastor, principal, a teacher or other person acting in his/her place and/or the police.

STUDENT ACTIVITIES

ATHLETIC PROGRAM

Because we believe that sports activities flow from our academic program and that students who participate in athletics must be held to a standard of expectation that takes into consideration their ability to get passing grades, demonstrate good sportsmanship and represent St. Mary's School positively, we need to work together as parents, teachers, coaches, and students to hold our students to this important standard.

St. Mary's CYO sponsors organized sports for grades 5&6- in basketball and 5&6 in volleyball. St. Mary's is not able to sponsor sports teams for grades K-1-2-3-4.

Because we do not want to duplicate programs that are already sponsored by the YMCA or other organizations, we will not organize other sports teams without consultation with the Athletic Organization and the approval of the Pastor and Principal.

The gym is available for practice and games for our 5-6 basketball teams and CYO sports teams. Coaches are expected to keep an updated schedule of practice and games in St. Mary's School Office. At the end of the sports season, all keys to the school building used by the coaches are to be turned in to the School Office.

All practice and game times are to be cleared with the Athletic Director before a schedule is published.

USE OF GYMNASIUM

No other students or children of the coaches are to be in the gym during practices.

Because of insurance and liability issues, only those students officially participating in the sport may be the responsibility of the coaches during practices.

GUIDELINES

To qualify for the team, prior to the start of the season a player:

- A. Must have a **Physical Card, Insurance Waiver Form** and **Medical Emergency Card** **validly** filled out and returned to the school office before he/she may begin practice.
- B. **School Absence on Days of Games and Practice** If a player is not in school on a day of a game or practice, he/she may not participate in that day's practice or game. If a player is

absent in the morning and returns by the end of his/her lunch hour, he/she will be able to participate in that day's practice or game. Exceptions to this rule would be approved absence due to a funeral, a doctor or dental appointment that requires the absences due to scheduling or distance or an emergency situation. Proper and adequate communication with school and coaches is expected in cases of exceptions.

- C. Any student violating the rules of good sportsmanship will be subject to denial of participation in one or more games depending upon the seriousness of the action.

These rules apply to eligibility for St. Mary's School sports only. Eligibility in other sports programs in which students may participate is determined by the organization in charge.

PRINCIPAL'S RIGHT TO AMEND

The principal retains the right to amend the handbook for just cause and parents will be given prompt notification if any changes are made.

Policy Statement on Gender-Related Matters

The Catholic Church has always believed that her first mission given her by Christ Jesus is the salvation of souls. The Church must be true to her own identity and mission. Thus, the teachings of the Catholic Church must permeate all aspects of her activities. As a result, the Catholic community has a responsibility to be a witness to truth, charity, and justice based on the Gospel; and must always strive to be respectful of persons and understanding of the struggles present within and among the people of God. It would be inconsistent with the Church's mission to teach, promote, or encourage anything that is contrary to the teachings she has received from God and which the Magisterium has clearly and consistently articulated. For this reason, the Church cannot, and may not, sponsor, endorse, facilitate, or host such organizations, events or activities that would promote such views, in any form or format whatsoever.

With specific regard to the human person, the Catholic Church has always and everywhere affirmed her belief that each and every human being is created in the image and likeness of God. As such, every person deserves respect, dignity, and freedom from discrimination. By remaining true to what Christ has taught concerning the human person, the Church encourages individuals to accept their own bodies and gender as they were created¹, and seeks to help all people to recognize that the current attempts in modern culture to redefine gender and social institutions, as well as alter the nature and purpose of human beings, are misguided and not in accord with the truth. Therefore, it would be morally unacceptable for the Catholic Church, including the Diocese of Toledo, its parishes, schools, or ecclesiastical organizations to provide accommodations based on anything which in itself is contradictory or antithetical to the teachings of Christ and his Church, including notions of gender and sexuality that are contrary to Catholic teachings. For a fuller catechetical treatment of this topic, see Catechesis Regarding Human Dignity and Gender-Related Matters in the Appendix.

In Catholic parishes, schools and ecclesiastical organizations of the Diocese of Toledo, all activities and ministries are to be rooted in, and consistent with, the principles of Catholic doctrine. Therefore, in every parish, school and institution, all paid employees and unpaid volunteers will:

1. Treat all persons with sensitivity, respect, and compassion.
2. On a case-by-case basis, consider in a compassionate way any specific request sensitive to the physical and psychological needs of a person. The basis of the consideration will be on the following questions:
 - i. What is the specific request of the adult, student and/or parent(s)/guardian?
 - ii. Is the request in keeping with the teaching of the Catholic Church?

- iii. Is the parish, school or ecclesiastical organization reasonably able to provide for the request?
- 3. Require that names and pronouns be in accordance with the person's biological sex.
- 4. Maintain names in records according to the person's biological sex.
- 5. Confirm that uniforms and gender specific dress, bathrooms, locker rooms, showers, and sponsored activities will all be according to biological sex.
- 6. Require that participation on athletic teams and extra-curricular activities be according to biological sex.
- 7. Consult the Office of Marriage and Family Life with extenuating circumstances.

Catechesis Regarding Human Dignity and Gender-Related Matters

The Catholic Church has always and everywhere affirmed her belief that each and every human being is created in the image and likeness of God. As such, every person deserves respect, dignity, and freedom from discrimination. Indeed, there is an inescapable duty to make ourselves the neighbor of all people, no matter who they are¹. Further, the Church is obligated to hand on to every generation all that she has received from Jesus Christ, her divine founder, especially as it relates to our understanding of the human person in these present times.

The witness of Sacred Scripture is clear: God created human beings male and female (Genesis 1:27). From the dawn of creation as depicted in the Book of Genesis to the closing pages of the Apocalypse, Scripture presents the human race as consisting of only two (2) sexes. Both sexes, male and female, are created in the image of God and are equal in dignity and destiny (Genesis 2:21-24). God created Adam and Eve out of love and for love. One's gender is therefore determined by one's biological sex.

The entirety of divinely inspired Scripture affirms the male and female forms of human nature *as reality*. They are not mere cultural phenomena or subjective constructs. Although wounded by the entrance of sin into human experience and its far-reaching effects on our bodily nature, man and woman continue to image God in both their uniqueness and complementarity. Scripture is clear on the necessity of respecting God's order and commands for human beings to experience the fullness of life he intends.

As articulated by Pope Francis, the clear and constant moral teachings of the Catholic Church have always envisioned a connection between our highest human happiness and our willingness to embrace the biological sex given us at birth². Our bodies teach us profound truths about ourselves and our purpose in life. Our bodies signify that we are called to and gifted for relationships that are complementary in nature, open to new life, and destined for eternal happiness and joy. Our bodies are God-given means of deepening our human generosity and communion with both God and each other.

Pope Saint John Paul II affirmed in his teaching known as the *Theology of the Body* that in our given biological complementarity, *as distinctly male and female*, God clearly intended us to live in loving communion with him and with each other. Through mutual self-giving and interdependence, he invites us to share in his own act of creation, as well as his own eternal happiness and joy. Therefore, our God-given maleness and femaleness clearly make visible our calling to love and co-create with God in bringing new life into the world. This is what Pope Saint John Paul II called the "sacramentality of the body." Our bodies are "icons" that reveal the deepest essence of who we are in the moral, spiritual, emotional, and physical dimensions of life.

² Pope Francis, *Amoris Laetitia* 285.

Catholic teachings envision biological sex as neither a politically defined nor socially constructed reality. It is an objective reality, a cornerstone of our createdness, and an invitation to enter joyfully and generously into what we believe to be the central mystery of the Christian faith, namely, that God is himself an eternal exchange of love emanating from the love shared between the Father, Son and Holy Spirit³.

The Catholic Church recognizes that there is much confusion regarding human sexuality and gender in today's society. Knowing that this confusion touches the lives of many people very personally, the Catholic

Church is committed to walking with each individual on the path towards a more integral understanding of their human dignity and their unique vocation in the Creator's plan for salvation history.
